

Insight Equity

Operationally focused, middle market private equity firm investing in strategically viable companies with potential for transformational value growth.

ABOUT US

We make control investments in strategically viable, middle market companies across a wide range of industries. We specialize in partnering with manufacturing and distribution companies with attractive growth, including corporate divestitures, family-owned transitions, restructurings, and take-privates. We execute quickly and have broad industry experience in our target sectors.

We leverage a proven collaborative value creation model to facilitate transformational improvements that can lead to significant cash generation and growth. We partner with and support management teams with our operational and strategy toolkit, financial acumen, and capital. Our investors include endowments, trusts, insurance companies, pension funds, family investment offices, and many others.
